ClinCard distribution is monitored by DRI staff. Each card is assigned to the study/studies based on the study coordinator making the request. The individual who picks up the cards from the DRI office is responsible for those cards until they have been distributed to the study participant. ClinCards should be kept in a secure location and only accessed by the pre-approved study administrator(s).

By signing this form, the requestor acknowledges that ClinCards will only be utilized in accordance with the details outlined in the study's Informed Consent Form.
